

5 Contract

We'll be happy to draft your contract should you request. We'll prepare this for your approval.

6 Mobilise

We'll support you to mobilise your contract and can attend your first meeting if you ask us to.

4 Compliance

You'll need to sign our authorising document. This shows that you are signing up to use a compliant procurement framework.

3 Appointment

We'll liaise with the number 1 ranking* Service Provider and arrange a meeting to discuss requirements, capability and availability to deliver. If not we can cascade these discussion to Rank 2nd.

* Some frameworks are on a rotational basis rather than the cascade system. Where the framework award mechanism is on a rotational award basis we proceed with the rank 1 supplier for the first award, then rank 2 for the second and so forth.

START

1 Liaise

Let's talk about your upcoming project. You'll be allocated to one of our SEC Procurement Partners. This initial conversation helps us to tailor our services to your specific project and get you procurement ready.

2 Budget

We'll work together and provide detail on our framework rates. This will help you evaluate them against your programme.
