

Decarbonisation Works DPS Supplier Guide

FTS Reference : 2024S 000-036383
Start Date : 10 March 2025
Expiry Date : 09 March 2029

Overview

Our Development Works DPS connects our customers to experienced contractors ready to deliver their retrofit and sustainability projects. It's a compliant route covering the delivery of individual measures and whole house retrofit.

DPS Summary

The DPS has been designed to help customers across a range of property types – including domestic, communal and commercial buildings. It's been divided into 3 Lots covering the individual measures, and then a final Lot for contractors able to deliver whole house retrofit projects.

Lot	Description
1	Insulation
	Covers the design and installation of external wall insulation, loft insulation, cavity wall insulation and floor insulation for low carbon retrofit solutions.
2	Renewable heat and hot water
	Covers the design, generation, installation, distribution and maintenance of renewable heat and hot water solutions. This includes: ground source heat pumps, air source heat pumps, solar thermal installations, smart heating systems, district systems, heat networks and ancillary items.
3	Renewable power and storage
	Covers the design, generation, installation, distribution and maintenance of renewable power and storage solutions. This includes: PV panels, electric vehicle charging, battery storage, associated smart controls and ancillary items.
4	Whole house retrofit
	This Lot is comprehensive and provides access to suppliers that deliver whole house retrofit projects. Contracts can cover domestic, communal and commercial buildings.

How to Join

Step One

Access the DPS tender questionnaire via ProContract: [SEC Decarbonisation Works DPS](#)

Step Two

Download and read the tender documents. Make note of any requirements which may apply.

Step Three

Complete the online questionnaire - we'll ask questions regarding your accreditations, insurances and capacity.

Step Four

Choose which Lot(s) you'd like to apply for and which regions you work in and submit your response.

Step Five

We'll review your submission within 10 working days. If successful, you'll be asked to sign the DPS Agreement. Once this has been signed and returned you'll be added to the DPS and will be able to take part in future related tender opportunities
